

**8 Week International Online Surface Design Class with Carol Gouthro, Wednesdays, September 14 , 21, 28, October 5,12, November 2, 9, 16
10-12 AM PST or 3:30-5:30 PM PST**

For this 8th session of the class I have added the 3:30 pm PST time to make this class accessible to Australians and New Zealanders. The class currently has participants from Canada, USA, and Europe. This is a friendly, informative, supportive class with many continuing and new students every session. In this 8 week class I will demonstrate many surface techniques that show how I and other ceramic artists use color, pattern, and texture to achieve depth, richness and variety in their work.

\$295 US for 8 weeks includes:

- Weekly demonstrations
- Weekly image shares showing examples of both contemporary and historical ceramics and artists
- Weekly assignments
- Weekly sharing and discussions of participants work

There is a Group Facebook Page which is very active, for current and past participants to share images, discuss ideas and ask questions during the week.
